

MTC Medical

A Leader in Social Impact

Making a Social Impact by Improving Healthcare

Since 2005, MTC Medical has made a social impact by improving the healthcare that offenders receive. MTC Medical provide quality medical, dental, and mental healthcare to nearly 15,000 offenders daily and 41,000 annually at 11 facilities in six states, while also promoting healthy lifestyles. MTC Medical staff are highly skilled professionals with significant experience in the corrections medical field.

MTC Medical at a glance

MTC healthcare experts provide care to offenders at all levels of supervision and management for clients including the Federal Bureau of Prisons, Immigration & Customs Enforcement, U.S. Marshals Service, and state departments of corrections.

Skilled Management Team

MTC Medical's management team has worked with nearly every correctional jurisdiction in the country bringing a broad spectrum of healthcare backgrounds. The combined centuries of experience providing emergency room, urgent care, and general care, allow MTC Medical staff to provide outstanding service.

Highly Experienced and Engaged Physicians and On-Site Medical Staff

MTC Medical employs many physicians, dentists, nurses, mental health specialists, and other healthcare professionals who provide exceptional care and follow up to offenders. Our healthcare experts take inmates who have typically made poor health choices and help establish new healthy lifestyles that will benefit them long after they're released.

Cost-Effective Care

MTC Medical is fiscally responsible and strictly adheres to contractual budgets. This disciplined approach instills confidence in our customers and vendors.

Sophisticated Data Management Systems

Providing medical, dental, and mental healthcare to thousands of offenders daily requires effective record keeping systems. MTC Medical's offender management data system provides comprehensive documentation of patient services.
